

**Areas for Reaching Out - 41:00 28:00**  
**Summary of Changes to the CPO O&M in order to conduct a 3RE**  
**(Restore, Rekindle, Renew Enrichment)**

For a Worldwide Marriage Encounter 3RE, a number of sections have been added to the usual O&M for this talk.

As Areas is usually the first in the bundle of presentations in Session III, the session begins with a recap and the weekly Question & Answer time. That, and the insertion of a break afterward, are the only changes.

The recap might include how they have learned:

- the stages of romance, disillusionment and joy
- the married singles lifestyle
- how to listen with the heart

Continuing the pattern of taking turns leading the Q&A time, for Areas the Clergy will lead, answering the questions from the Question Box and such questions as:

- How has your week gone?
- What new things have you learned?
- What questions do you have?

The introduction might include a reference to continuing the journey up the mountain, and how common it is to have sore muscles. Soon we will be high enough to start seeing the really beautiful views. God has a plan for us - let's see what it is!
