

**Listening - 24:00 (usually 19:00)**  
**Summary of Changes to the CPO O&M in order to conduct a 3RE**  
**(Restore, Rekindle, Renew Enrichment)**

For a Worldwide Marriage Encounter 3RE, Listening is usually bundled with Marriage in Today's World, so the introduction does not have to include nuts and bolts or review of the last session.

In fact, Listening is virtually the same as in a weekend format except for the Wrap up.

The Wrap up should keep in mind that this has been quite a climb. Those not used to sharing feelings are put in a vulnerable place. The good news is that this is the growing edge. You will review the take home questions and the Mission Possible emphasis (Step 3 to Couple Prayer). Provide a teaser of what will happen next week, when we will learn:

- how to work through tough spots in our relationship without causing hurt
- how to talk about sensitive areas and How has your week gone?
- how to prevent conflict

In the next session we learn what God desires for our marriage, a great comparison with the World's pull on our relationships.
